

RingCentral Customers Earn an Additional \$12,505/month/provider with ChronicCareIQ

Are you leaving this money on the table?

Medicare now offers 25+ monthly recurring reimbursements for the time practices spend on patient activities between visits, such as phone calls with patients, scheduling, care coordination, reviewing lab results, refills, referrals, & chart reviews. The RingCentral & ChronicCareIQ partnership not only tracks these items, but enables doctors to keep tabs on patients between visits, collects & analyzes data, & alerts staff to those requiring attention.

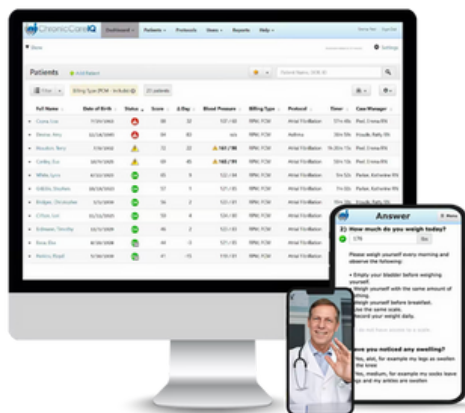

YOUR TIME IS NOW REIMBURSED.

Other Important Benefits:

- ✓ **Improved Visibility** – Know which patients are trending poorly between visits & need outreach
- ✓ **Improved Patient Outcomes** – Slow or halt disease progression & prevent adverse events
- ✓ **Increased Staff Productivity** – Reduce inbound phone calls & make complex patients easier to care for
- ✓ **Greater Reimbursements** – 25+ CPT codes pay for work your practice is already doing

Masterfully Effective & Surprisingly Simple:

- ✓ **Strengthens Patient Relationships** – 87% of patients remain engaged after 1 year
- ✓ **Patient Satisfaction** – 91% patient satisfaction rating
- ✓ **Reduces Stress** – makes complex patients easier to care for & decreases inbound calls
